

Nutrition Program

A healthy start for life!

March 13, 2020

Dear Provider,

CDA is closely monitoring the 2019 novel coronavirus (COVID-19). We are following the Centers for Disease Control (CDC), the World Health Organization (WHO) and local government and city agencies to stay well informed of this evolving situation.

There is no higher priority to CDA than the health and safety of our employees, providers, and children we serve. At this time our focus is on prevention, to protect you and our staff. Please call the office to notify us if you are sick: any combination of fever, body aches, nausea, fatigue, chills and sweats or symptoms of respiratory illness. Your phone call will prevent your Monitor from doing a home visit. Please take care of yourself, protect others by staying home, and contact your medical provider if you have any symptoms or questions.

Also, for your convenience CDA offers a document drop box outside of our Bonita Office. You can drop off your scanner claim or new enrollments there to avoid coming in to our office. Click [here](#) to access the drop box location flyer.

While it is our commitment to you to continue normal business operations, as the situation is rapidly unfolding, we encourage you to regularly visit our website news page at www.cdasd.org/news for any updates related to COVID – 19 and potential office closures or delays.

Thank you for your patience and trust in CDA as we navigate these challenging times. Your health and safety is important to us.
