CDA Nutrition Program

Reimbursement Rates

July 1, 2021 - June 30, 2022

The Current Reimbursement Rates Are Listed as Follows

It's easy to determine how much reimbursement you will receive per day by multiplying the number of children meals you serve times the rate per meal, and then add those figures together.

You will be reimbursed for up to 2 major meals and 1 snack, or 2 snacks and 1 major meal, per child per day under the program guidelines.

All day care homes, regardless of their location, will receive the Tier I reimbursement rate for meals and snacks due to the Federal Government guidelines and are in affect through June 30, 2022.

Refer to the rates and example below to learn more.
